**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

After becoming a very unhappy, I'll-treated customer the two broadband carriers in my area, I finally was able to choose a competitive carrier in my area, SONIC, and have had uninterrupted service vital to my needs, plus consistent real human contact. We need this competition! Here just north of Silicon Vly, I found it outrageous to have such limited choice with the world's most despised customer service and constant issues of quality, until I moved in an area served by local company SONIC.

As with almost every arena where I am touched by the incompetent hand of government, my life was made less secure and more difficult. I regard the quality of big-boy internet providers just another example of government 'planning'. The duopoly: they didn't need to care, there was no competition.
